

Hit That Jive Jack

Diana Krall

Hit that jive, Jack
Put it in your pocket till I get back
Going downtown to see a man
And I ain't got time to shake your hand Hit that jive, Jack
Put it in your pocket till I get back
Time and time waits for no man
And I ain't got time to shake your hand Standing on a corner, all full of jive
But you know that you're my boy
So I'm forced to give you five
Shadde yadda Hit that jive, Jack
Put it gggghin your pocket till I get back
Going downtown to see a man
And I ain't got time to shake your hand
Hit that jive, Jack
Put it in your pocket till I get back
Going downtown to see a man
And I ain't got time to shake your hand Hit that jive, Jack
Put it in your pocket till I get back
Time and time waits for no man
And I ain't got time to shake your hand Standing on the corner all full of jive
But you know that you're my boy
So I'm forced to give you five
Shadde yadda Hit that jive, Jack
Put it in your pocket till I get back
Going downtown to see a man
And I ain't got time to shake your hand
Hit that jive, Jack
Put it in your pocket
Hit that jive, Jack
Put it in your pocket
Hit that jive, Jack
Put it in your pocket
Hit that jive, Jack
Put it in your pocket Hit that jive, Jack
Put it in your pocket till I get back
Going downtown to see a man
And I ain't got time
I ain't got time
I ain't got time to shake your hand
Going in to put it in your pocket till I get back
Hit that jive, Jack
