Nicotine Love

Jewel

Go ahead touch me like that
The way you pull my hair back
Go ahead breathe me in
Bite me til I bleed
This love is like barbed wire running through my veins
Nicotine love

Go ahead hurt me like that I've been hurt before

I won't be fixed again I'm not afraid to sweat

Cause I like the pain and it's familiar to me And more gentle than most men will ever be

Nicotine love
*but don't get me wrong
I don't want a friend

Just need you here to help me satsify this childish sin This insatiable desire, this hunger so deep

> You will melt on my tongue And I will put you to sleep And I will press you like petals Til you're fragile and bent And I'll rid you of...

> > Nicotine love

It hurts just right Not to know your name

But feel that body beneath me

Struggling as though it was somehow sane

As when I was with him

Gonna make you promise to me

Than I will crush your heart

Cause I can't

Because it happened to me

Nicotine love

So come here baby

My honey, cutie-pie

Let my fingers swim like pale fish through your hair

So I can tell you that I love you

Your safe, never let me go

You wonder why it I'm here

With patience, soon it'll be all too clear

Nicotine love

*but don't get me wrong...

So go ahead touch me like that
The end is drawing near
Go ahead hurt me that way
You don't even know enough to fear
You don't know how true it is when you say
My kisses are sweet as death
But soon you'll have no more options
It's all you have left
Love is like barbed wire
I'm electric and so alone
So come here stray cat
I'm gonna take you home
I'm gonna press you like petals
Til you're fragile and bent
And i'll...
Well i'll

Well i'll... Nicotine love
