

# The Veldt

[deadmau5](#)

Happy life, with the machines scattered around the room  
Look what they made, they made it for me - happy technology  
Outside, the lions run, feeding on remains  
We'll never leave, look at us now, so in love with the way we are  
Here, the world that the children made  
The world that the children made  
Every night, they rock us to sleep - digital family  
Is it real, or is it a dream? Can you believe the machines?  
Outside, the beating sun, can you hear the screams?  
We'll never leave, look at us now, so in love with the way we are  
Here, the world that the children made  
The world that the children made, here  
The world that the children made, here  
The world that the children made  
Here, the world that the children made  
Here, the world that the children made  
Here, the world that the children made
