

Please Read Me

[Nina Simone](#)

(1967) Robin Gibb, Barry Gibb Many years ago I was a simple man

A simple man, no worries me;

I never lied

Please read me. Not much conversation ever came from me,

I never saw reality;

I never tried.

Please read me. Ah...

Maybe I've been lying on your couch too long

I'll stay if you can see me through, explain why

Please read me. Please read me. Please read me.
