

Follow You (Rootkit Remix) [feat. Danyka Nadeau]

[Au5](#)

Breathe me in into the light
Slowly heal the darkness in my heart
I hear you now a taste was all I needed
I feel your love loud and clear to the end
It's you and me I'll follow you to the end
I'll follow you to the end
To the end
I'll follow you to the end
Breathe me in into the light
Slowly heal the darkness in my heart
I hear you now a taste was all I needed
I feel your love loud and clear to the end
I'll follow you to the end
It's you and me I'll follow you to the end
I'll follow you to the end
I'll follow you to the end
I'll follow you to the end
To the end
Follow you to the end
To the end
