Nora Fatehi

Noriana!
Ray Vanny! Oh baby, oh baby, oh baby, oh baby
Bad girl you can be my baby mama
I wanna take you place we can chill for the summer
Your body language tropicana
Private jet we can fly to Bahamas
Flat tummy chains on your waist hayaa
You better than my ex
I got the room party you can be my guest, hayaa
I wanna feel that taste
Sakata, know you like it when I whine it
Sakata, you wanna pull up right behind it
Sakata, feel the wave come and ride it
Sakata, but don't get too close
Sakata, I'm killer baby no lie
Sakata, you know I can change ur whole life
Sakata, keep it burn it like a wildfire
