

Closure (feat. Andy Marsh)

Steve Void

I don't wanna come undone, come undone
'Cause I moved on with my life, with my life
But I still crave your touch, crave your touch
And it brought me here tonight, here tonight 'Cause you feel right, you feel right
 Wrapped up in these sheets
And one last time, one last time
 Is everything I need So oh
Put your hands on my shoulders
 Pull me in closer
 'Cause oh
 In the morning it's over
I just need closure right now
Now, now, now, now, now
Now, now, now now, now
I just need closure right now
Now, now, now, now, now
Now, now, now, now, now
 In the morning its over
I just need closure right now
Now, now, now, now, now
Now, now, now, now, now
I just need closure right now
Now, now, now, now, now
Now, now, now, now, now
 In the morning its over
I just need closure right now Don't you say a thing, say a thing
 You can't change my mind, change my mind
 Just keep touching me, touching me
So I can say goodbye, say goodbye 'Cause you feel right, you feel right
 Wrapped up in these sheets
And one last time, one last time
 Is everything I need
 So oh
Put your hands on my shoulders
 Pull me in closer
 'Cause oh
 In the morning it's over
I just need closure right now
Now, now, now, now, now
Now, now, now, now, now
I just need closure right now
Now, now, now, now, now

Now, now, now, now, now In the morning its over
I just need closure right now
Now, now, now, now, now
Now, now, now, now, now
I just need closure right now
Now, now, now, now, now
Now, now, now, now, now In the morning its over
I just need closure right now
