

# Na Na Na

## Big Time Rush

Na na na na  
Na na na na  
Na na na na  
Na na na na When you know some stupid boy's just trying to break your heart  
Don't even play his game  
He doesn't see how beautiful you are  
Baby just walk away  
When you're feeling like the world is pushing on your chest  
Don't let it get to you  
Sometimes you gotta step back and take a breath  
Find a different point of view  
Na na na na  
Na na na na  
When your heart's about to break  
Sometimes you just gotta say  
Na na na na When you need to get away from the place where you are  
Sometimes you gotta hit the road, baby  
Turn the radio up, windows down in your car  
Take a trip and let it roll, roll, roll, yeah Na na na na  
Na na na na  
When your heart's about to break  
Sometimes you just gotta say  
Na na na na When it feels like all the walls are c-c-closing in  
And the noise is way too loud for you  
Put your headphones on and get lost in a song  
Gotta find you a different crew  
Come on, come on  
Yeah, from the top, here we go, come on Na na na na  
Na na na na  
When your heart's about to break  
Sometimes you just gotta say  
Na na na na When you're feeling like the world is pushing on your chest  
Don't let it get to you  
Sometimes you gotta step back and take a breath  
Na na na na
