oooo-whoah
whoah-oooo yeahForever 3xSo you're having my baby
And it means so much to me
There's nothing more precious
Raise a family
IF there's any doubt in your mind
you can count on me
I'll never let you down
Lady believe in meHook
You & I
We'll never fall apart
You & I
We knew that from the start - Baby
The day
We fell so far in love
Now our baby is born
Healthy and strong
Now i dream are realityChorusForever My Lady-ooo yeah

You keeping me warm-oooo
If this is extasy

Forever my lady-ooooo
I say thats what i mean
Forever and ever
I pray that's what it seems
Can you picture my lady
This empty scene
There's no me or no you
What will we do
An awful sight to me
If I ever lose you
Tell me where would i go
Life would have no meaning
And I pray that you always
Stay with me-yeahHookYou & I
