

All Night Longer

Sammy Adams

In Vegas, yeah I drink Jäger
Throw bangers, get serenaded by ladies basically naked
It's crazy this life I take it
Everybody notice, white girls drink Vodka Sodas
Jack and cokes will get you open, tequila shots are the dopest
And I love it, the way you look so fine when I'm faded on my gin and tonic
But keep on getting persuaded that I wanna crack a Jameson
Invite all your lady friends, tell that bartender serve a mothafuckin' round again
Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
I wanna do this every night
A couple rounds going down like water
I wanna go all night longer!
Negronis for all my homies
Titos and chasers only
Whisky straight for the lonlies
Tequila, red wine and Stolies
Yeah I mix it, yeah I mix it
Have some beers before this liquor
Now I'm shit-faced at the bar but my games never been sicker
Shoot whiskey like a cowboy
Both guns go off then we wild boys
Got a light skinned girl, sit tall boys
Jump around ?
Gun natty ice like a college kid
So many girls, come and grab one bitch
Toast to the bars, toast to the broads
Ha! no wonder why you love this shit!
Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
I wanna do this every night
A couple rounds going down like water
I wanna go all night longer!
My game's never been sicker
And I love it
And I love it
And I love it

And I love it Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
I wanna do this every night
A couple rounds going down like water
I wanna go all night longer!
