## Iggy Azalea

Everywhere I go they say it's Iggy Season  
Til I get what I want, baby I ain't leavin'  
Everytime I go out everybody wanna show me  
I just see a girl in the mirror, told her: "you the reason"  
Simmer down bitch, it's Iggy Season  
Simmer down bitch, it's Iggy Season  
I ain't worried 'bout shit, it's Iggy Season  
Bad bitches scream YAAAAAASSSSSSSS  
It's Iggy Season  
Every man needs some Azalea You want it, you do what I tell ya  
You play on my team and get a ring back  
You don't, you gon' end up a failure  
I look like a fantasy, your wifey mad at me  
Just cause hubby is a fan of me you understandin' me? (mm)  
So skip the talking baby, we too busy ballin' baby  
Pedal to the metal and my engine never stallin' baby  
Bitches gon' hate, while the critics critique  
I pay they no mind whenever they speak  
What they make a year, I can make in a week  
I know you can't stand it just get you a seat  
See the sky be the limit when you dealin' with me  
I'm stuntin' this hard, and I ain't even reached my peak  
I just get money to spend it, let the cycle repeat  
I'm feeling like I got this world on my feet Hm, Iggy  
Everywhere I go they say it's Iggy Season  
Til I get what I want, baby I ain't leavin'  
Everytime I go out everybody wanna show me  
I just see a girl in the mirror, told her: "you the reason"  
Simmer down bitch, it's Iggy Season

You be on the internet, thirsty, prolly worse in person  
Down payment for a car, I dropped that on a Birkin  
You don't sit in VIP 'cause you ain't no important person  
The money wrapped around my mind like a turban

 If I told you what I'm worth, you would throw up  
 So have my money on time before I show up  
 I'm drinking PJ on a PJ in my PJs Thinking money 25/8, no free days  
 If your girl dumb body, I recruit them
