

# Just a Little Bit of Love

Curtis Mayfield

You hear me callin'  
Callin' brother, are you listenin'?  
We need to cool at night for our future  
For the little pretty boys and girls We need to take a time, come together  
Are you willing?  
So we can make it right for the people  
And everyone I love will come Just a little bit of love to make it right  
Just a little bit of time to cool at night  
Just a little bit of space to keep us tight We gotta come together  
We gotta come together  
Everybody searchin' in confusion  
No solution  
We look inside ourselves for the answer  
But we really don't understand We all must be unplanned  
To start sharing, to start caring  
And if the sun shines your way  
You will find love 'cos love is the only way Just a little bit of love to make it right  
Just a little bit of time to cool at night  
Just a little bit of space to keep us tight  
Just a little bit, just a little bit of love Aye man, it seems so hopeful for blazin' my days  
And brother, let's begin a stress off my chest with some sex  
Can I get a little love for my peeps in the streets?  
But this killing for colors, aye man this shit gotta cease, peace  
Nothin', zero, zilch, amounts to what?  
Nothin' but you've gotta have somethin'  
'Cos we're comin', comin' correct and together eternally  
And with that little bit of love, we may live forever See it's a time to live, there's a time to die  
But when the livin' gets rough, that's the time I realize  
I've gotta think twice using my ears to hear, L O V E  
Just love, just love, just love, just love Just a little bit of love to make it right  
Just a little bit of time to cool at night  
Just a little bit of space to keep us tight  
Just a little bit, just a little bit of love Now look all around you  
Children dyin', people cryin', no, no  
But nobody seem to care  
Till it's their time, they really don't give a damn We've got to find a way to start loving  
To start giving, yeah  
But if we procrastinate and we blow it  
Then everybody'll go to hell Just a little bit of love to make it right  
Just a little bit of time to cool at night  
Just a little bit of space to keep us tight We gotta keep together  
We gotta keep together We don't need destruction, we don't need it

We don't need to care, no, no  
We don't need corruption  
We just need to cheer, just a little bit  
We don't need attacking, no, no  
We don't need the pain  
We don't need to cry down, we don't need it  
We just need to change, let me just a little bit  
Just a little bit of love to make it right  
Just a little bit of time to cool at night  
Just a little bit of space to keep us tight  
Love can, love can be  
Livin' life to see  
All my children free, ooh  
Just a little bit of love
