

Just a Little Bit of Love

Curtis Mayfield

You hear me callin'
Callin' brother, are you listenin'?
We need to cool at night for our future
For the little pretty boys and girls We need to take a time, come together
Are you willing?
So we can make it right for the people
And everyone I love will come Just a little bit of love to make it right
Just a little bit of time to cool at night
Just a little bit of space to keep us tight We gotta come together
We gotta come together
Everybody searchin' in confusion
No solution
We look inside ourselves for the answer
But we really don't understand We all must be unplanned
To start sharing, to start caring
And if the sun shines your way
You will find love 'cos love is the only way Just a little bit of love to make it right
Just a little bit of time to cool at night
Just a little bit of space to keep us tight
Just a little bit, just a little bit of love Aye man, it seems so hopeful for blazin' my days
And brother, let's begin a stress off my chest with some sex
Can I get a little love for my peeps in the streets?
But this killing for colors, aye man this shit gotta cease, peace
Nothin', zero, zilch, amounts to what?
Nothin' but you've gotta have somethin'
'Cos we're comin', comin' correct and together eternally
And with that little bit of love, we may live forever See it's a time to live, there's a time to die
But when the livin' gets rough, that's the time I realize
I've gotta think twice using my ears to hear, L O V E
Just love, just love, just love, just love Just a little bit of love to make it right
Just a little bit of time to cool at night
Just a little bit of space to keep us tight
Just a little bit, just a little bit of love Now look all around you
Children dyin', people cryin', no, no
But nobody seem to care
Till it's their time, they really don't give a damn We've got to find a way to start loving
To start giving, yeah
But if we procrastinate and we blow it
Then everybody'll go to hell Just a little bit of love to make it right
Just a little bit of time to cool at night
Just a little bit of space to keep us tight We gotta keep together
We gotta keep together We don't need destruction, we don't need it

We don't need to care, no, no
We don't need corruption
We just need to cheer, just a little bit
We don't need attacking, no, no
We don't need the pain
We don't need to cry down, we don't need it
We just need to change, let me just a little bit
Just a little bit of love to make it right
Just a little bit of time to cool at night
Just a little bit of space to keep us tight
Love can, love can be
Livin' life to see
All my children free, ooh
Just a little bit of love
