

Hero (feat. Elizaveta)

Pegboard Nerds

Hero, hero
Hero, hero
Hero, hero
I want to be a hero, hero Oh the hero comes
I can hear the drums
and our horses run to the kingdom come
Through the pale moonlight
our hearts ignite to the call. Oh, claim your prize
to the crown of stars
In the name of love
be the sacrifice
You and I will stand and fight
our backs to the wall.
Oh Hero, hero
Hero, hero
Hero, hero
I want to be a hero, hero
Hero
Hero
Hero, hero
I want to be a hero (Hero) There is no escape
let the fever rise
as our horses rage
and our goal's in sight
maybe I'm the one
I'm the one who will fall.
Oh, lay me down
on a bed of stone
I will wait for you
as I rest my soul
I will watch you ride
when you respond to the call. Oh, Hero, hero
Hero, hero
Hero, hero
I want to be a hero
Hero
Hero
Hero, hero
I want to be a hero Shut your eyes
Shut your eyes
Don't be scared to shut your eyes
Watch those lights

from the stars
in your head, hypnotized
Join our fight for what's right
let your heart be your guide.
