

# Educate Ya (feat. Jason Derulo)

## Pitbull

She sexy, fine, sophisticated and you know she rolling with me  
It's B-O-N, Armando Bon, but if you act right I'll give you the D If you'll be my lover

Trust me you'll discover  
Something you'll remember  
I could educate you babe Baby let me educate ya  
I'm freaky, dirty, nasty by nature  
Looking for some magic, I'll take ya  
So sit back, relax and let me lick ya  
I was raised by 2LiveCrew, so just imagine what I do  
If you got into the position while I'm whispering  
You listen to every little thing I wanna do to you  
Pull a little hair, smack a little ooh  
You know what it is, you know what it do  
You got a couple friends, bring them too

Tonight it's all on you  
All I know is, there's no point in talking 'bout body 101  
All I know is, I'm just gonna show you now what your body wants

If you'll be my lover  
Trust me you'll discover  
Something you'll remember  
I could educate ya  
Be my lover, trust me you'll discover (brains)  
Something you remember  
I could educate you babe On the stage with Sofia Vergara  
You can hate me but respect me you gotta  
I see the game from the different perspective  
I own, they play, bottom line they act  
I'm in the zone man, self made, self paid, I'm my own man  
I'm the type to take you round the world in a G4 girl  
I don't play no games I'm a grown man  
I wanna pull a little hair, smack a little ooh  
You know what it is, you know what it do  
You got a couple friends, bring them too  
Tonight it's all on you

All I know is, there's no point in talking 'bout body 101  
All I know is, I'm just gonna show you now what your body wants

If you'll be my lover  
Trust me you'll discover  
Something you'll remember  
I could educate ya  
Be my lover, trust me you'll discover (brains)  
Something you'll remember

I could educate you babe  
Shake a little, dance a little, make a little love  
Shake a little, dance a little, make a little love  
I could educate you babe  
People, lover, trust me you'll discover something you will remember  
Steady under me  
People, lover, trust me you'll discover something you will remember  
Starting under me  
There's no point in talking bout body 101  
All I know is, I'm just gonna show you now, what your body wants  
If you'll be my lover  
Trust me you'll discover  
Something you'll remember  
I could educate ya  
Be my lover, trust me you'll discover (brains)  
Something you'll remember  
I could educate ya  
Be my lover  
Trust me you'll discover  
Something you'll remember  
I could educate ya  
Be my lover, trust me you'll discover (brains)  
Something you'll remember  
I could educate you babe  
I could educate ya
