

Blast Ya (feat. Barrington Levy)

Borgore

Ladies lift your glasses
(Oh no oh oh)
And toast yourselves (sweet)
(oh ra ay oh)
It's a dedication
(oh ya ah oh)
(oh ah oh)
SHAGGY! I love to see the ladies take full control
(uh) Independant woman don't depend on a soul
(that's right)
Confidential the fact that she has her own
(uh uh)
No body has to tell her how to play her role
(oh ya)
I'm talking all the honeys to my left Sophisticated ladies are the one
who set the trends Ladies who dont hang around with no progressive friends They dont have no
time to play a silly game Shallow mans are all the same All the fellas who get played Not
because they pour the drinks it means they're gettin laid Show her some respect and maybe
wouldn't have been played Yo - Now you're looking kinda dumb, I bet this pants are tiresome I
love to see the ladies take full control
(love it ...)
Independant woman don't depend on a soul
(no depend on nobody, see) Confidential the fact that she has her own
(...)
No body has to tell her how to play her role
(sweet)
