

# Could This Be Real

## Sub Focus

I've seen it always in my dreams,  
I tried so hard so you'd believe,  
But now that I'm gone,  
I'm feeling like this could be real,  
I'm feeling like this could be real,  
I'm feeling like this could be real, Real, Real...But now that I'm gone,  
I'm feeling like this- feeling like this, Real, Real...Feeling like this, Cou-could, Like This, Real,  
Real...
