Burn It Down

AWOLNATION

If you're feeling like I feel then run your life like it's a dance floor
And if you need a little heat in your face, that's what I'm here for
If you're chilling in the dark and you're looking through a telescope
You will see me sipping on a soul of a new hopeSo burn it down, burn it down

So burn it down, burn it down, yeah

So burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it burn it downIf you're feeling like I feel throw your fist through the ceiling

Some people call it crazy well I call it healing
If you need love turn around, do the helicopter
If you're sick, baby girl I would love to be your doctor

So burn it down, burn it down So burn it down, burn it down, yeah

So burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it (motherfucker) burn it down

Burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it burn it down

So burn it downLooking through a window made of time, would you have the courage not to lie Looking down the barrel of today, would that make you turn around and stay Looking through a window made of time, would you have the courage not to lieDown

Burn it down

Hey, burn it down

Burn it down

So burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down
Motherfucker, burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down

Burn it down

Burn it down

So, burn it down

Burn it down, yeah

So, burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it (motherfucker) burn it down
Burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down
So burn it down
