

# Seduction

## Eminem

I don't know man  
Just feels like, we're a lot different  
Kinda feels like, I'm on a whole different page right now than you  
It feels strange but uhm  
I guess this is kinda like, it's kinda like I feel like I'm morphin' into somethin' that's so incredible  
that I'm dwarfin'  
All competitors better get your girlfriend in check  
It's psychological warfare endorphins I effect  
Your self-esteem shatters as dialect comes blastin' out your deck  
She loves me, such passion you'd expect  
This sort of reaction from her yet  
You strong arm, you're fuckin' corny, you try to turn your charm on  
'Cause you just think you're Bishop The Don Juan  
But if you think that you're fuckin' with me, homie, you're on one  
I'm cockin' my head back like Ed Lover, c'mon son  
She's on my Johnson, she brings my name up constant  
Your boys are like she's fuckin' with dude, she wants son  
Homeboy you better get a clue  
She's on my dick 'cause I spit better than you  
What you expect her to do, how you expect her to act in the sack  
When she's closin' her eyes, fantasizin' of diggin' her nails in my back to this track  
Seduction, seduce  
Ain't nobody whose as good at what I do  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
It's like a verbal seduction Seduction, seduce  
Ain't nobody whose as good at what I do  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
It's like a verbal seduction  
She's sittin' here gettin' liquored up at the bar  
She says it's quicker to count the things that ain't wrong with you than to count the things that  
are  
There's a seven disc CD changer in her car  
And I'm in every single slot and your not, aww  
I'm the logo on that Dallas Cowboy helmet, a star  
And I'm not about to sit back and just keep rhymin' one syllable, naw  
Switch it up and watch them haters not give it up  
'Cause they're just not good enough but I'm not givin' up 'til I get my respect  
And I won't stop 'til I get enough 'cause I'm not livin' up to my own expectations, aww  
That hater alarm is soundin' off, man, Obama took the bomb from my name, aww  
So quit cryin' that I took your dame homie, she's my dame, aww

You sadly mistaken if you're thinkin' that I'm not on my game, boy  
 And things just ain't been the same since the day that I came forth  
 You wear your heart on your sleeve, I sport that white tank boy  
 But you got a hard on for me, what you hollerin' my name for  
 It's your bitch on my dick, ain't my dang fault, man, I can't call it Seduction, seduce  
 Ain't nobody whose as good at what I do  
 'Cause one minute she loves you, the next she don't  
 She's been stolen from you  
 It's like a verbal seduction Seduction, seduce  
 Ain't nobody whose as good at what I do  
 'Cause one minute she loves you, the next she don't  
 She's been stolen from you  
 It's like a verbal seduction It's like we're playin' lyrical tug-of-war with your ear, you hear it, girl  
 come here  
 Put your ear up to the speaker, dear, while I freak this world premier  
 Seducin' her, loosen up with a little freestyle, that'll wait, am I losin' ya  
 Am I makin' you look bad, well I got news for ya, homie you're losin' her  
 Oh wait, you don't like when I spit it fast, am I tryin' to show out, let me slow it down some  
 It's still gonna be a blow out, you're gonna wanna throw out your whole album  
 Rummage through the shit and try to salvage somethin' to see  
 If you can save any of it punk but none of it's fuckin' with me  
 Prick, you really feelin' that bullshit, you think you killin' them syllables  
 Quit playin', these beats ain't nuttin' to fool with  
 They call me Fire Marshall, I shut this shit down  
 Your entire arsenal is not enough to fuck with one round  
 I am also the opposite of what you are like  
 You're a microcosm of what the fuck I am on the mic  
 I am awesome and you are just awe struck, she's love stricken  
 She's got her jaw struck from suckin' my dick, aww fuck Seduction, seduce  
 Ain't nobody whose as good at what I do, It's like a verbal seduction  
 'Cause one minute she loves you, the next she don't  
 She's been stolen from you  
 It's like a verbal seduction Seduction, seduce  
 Ain't nobody who's as good at what I do  
 'Cause one minute she loves you, the next she don't  
 She's been stolen from you  
 It's like a verbal seduction
