

Own It

Mack Wilds

Nothings too much
Words that I live by
And that's just how I do
Do. I Do I'm young right now
But I won't be forever
So I'mma live it up like that's true
You might wanna roll with me too. Said I don't mean to brag
But I live a life that most can only dream about
Yeah So baby come be my dream girl
Pick a fantasy, and let me work out
Yeah. Oh yeah
Tell me where you wanna go
What you wanna do
Said we livin' it like we own it
Own it. Own it Said I'm on top of the world
And what I need is you
Said we livin' it like we own it
Own it. Own it Its never too much
So just let the drinks flow
Later on you can come thru
Thru. Come thru. You know you're the flyest
They should call you your highness
And call me king cuz I'm that dude
All you gotta do is leave your crew.
Said I don't mean to brag
But I live a life that most can only dream about
Yeah. So baby come be my dream girl
Pick a fantasy, and let me work out
Yeah. Oh yeah Tell me where you wanna go
What you wanna do
Said we livin' it like we own it
Own it. Own it Said I'm on top of the world
What I need is you
Said we livin' it like we own it
Own it. Own it (Yeah) Whatchu talking bout?
We run this town
We got it sewn up
Because we own it Whatchu talkin' bout?
You deserve this crown
We got it sewn up
Because we, own it
Because we, own it Tell me where you wanna go

What you wanna do
Said we livin' it like we own it
Own it. Own it Said I'm on top of the world
What I need is you
Said we livin' it like we own it
Own it. Own it. Yeah
