

# 4 Ever (feat. Megan Rochell)

## Method Man

K one  
We both know that our love will grow  
And forever will be you and me  
Give me a woman that get down for me, my one and only  
That don't fuss or fuck around on me or leave me lonely  
Not just a honey but a homey, just wanna hold me  
'Cuz she got a lotta love for me and put it on me  
If I need that, plus she understand me when I  
beat that  
It's sweet like candy, this time I might just eat that  
You steal my heart, sweetheart then you can keep that  
Let's bar hop and find us a spot where we can chief at  
Push the seats back, you got the kinda  
body  
Niggaz beep at, try to speak at but get no feedback  
Sophisticated, miss highly edumicated  
Living well lady, that made it, type of woman you stay with  
We both know that our love will grow  
And forever will be you and me  
Give me a queen that respects a king just like Coretta  
Get everything except the ring for worse or better  
Even through the stormy weather, rain, sleet, snow  
Whatever, see if it go down, we go together  
Like Twix bars, ain't no problem that we can't fix,  
ma  
You ain't gotta sugar my tank or key the kid car  
'Cuz broken hearts leave big scars, when emotions get hit hard  
Niggaz get drunk and hit the strip bar  
But that ain't even ya man's style, even back as a manchild  
That's where I stood and where I stand now  
I'm throwing rocks at your window pane  
Trying to bang, girl, like injure pain, you know the game  
We both know that our love will grow  
And forever will be you and me  
No matter what we go through  
(What we go through)  
I'll be there for you  
(There for you) I'll never let you down  
I'll just hold you down  
Oh, ooh  
No matter where we be  
(Where we be)  
I'll do it all again  
(All again) The ups and down  
I'll hold you down  
Oh, ooh  
Give me a woman that get down for me, my one and only  
She don't fuss or fuck around on me or leave me lonely  
Not just a honey but a homey, just wanna hold me  
'Cuz she got a lotta love for me  
And now I gotta lotta love for her, might even take a slug for her  
And everywhere we go, pull out that red rug for her  
Yeah, them back rubs in the bathtub, got me cleaning my act up

I'm ready to shack up, now that's love  
Nobody can love you like me, boy  
I'll promise to be your only girl  
Don't ever leave, just stay  
You will be down for me, anyway  
Ah, you and me together, baby  
We both know that our love  
will grow  
And forever will be you and me
