

# Special to Me

[Bobby Caldwell](#)

You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue, you hold me close  
You've always been so special to me  
When I think about my life  
Before I met you  
I'd wake up to this loneliness  
And long for someone new  
You have been the reason  
For me to carry on  
I can't imagine life at all  
If your love was gone  
You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue, you hold me close  
You've always been so special to me  
When we're together  
There's nothing we can't do  
There can be no other  
I would compare with you  
You have been the reason  
For me to carry on  
I can't imagine life at all  
If your love was gone  
You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue, you hold me close  
You've always been so special to me  
There could never be another love for me  
'Cause you made my dreams come true  
Love until the end, we'll be lovers, best of friends  
Stay with me, eternally  
You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue, you hold me close  
You've always been so special to me  
You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue, you hold me close  
You've always been so special to me  
You are, special to me  
You are, special to me
