

Busy Signal

Dolly Parton

By: Dolly Parton
Busy signal
That's what I get when I call you
 Busy busy
 Talking to someone new
I wish I knew I shouldn't worry 'cause it's probably his mother
 Or then again it could even be his little brother
 On the line
 Making me lose my mind
 Hang up hang up hang up hang up
 Come on hang up hang up hang up
 Gotta talk to my baby
Gotta tell him I'm sorry
 Busy signal
 How can I tell him I'm sorry
 When I said I didn't care
 I didn't mean a word I said
Talking outta my head
I've got to reach him now and tell him that I love him
 And from now on I'll stay right by his side and love him
 All the time
So please somebody quit tying up the line
 Hang up hang up hang up hang up
 Come on hang up hang up hang up
 Gotta talk to my baby
 Gotta tell him I'm sorry
 I didn't mean to hurt you baby
 I really really love you baby
