

End of Days (feat. Block McCloud)

Vinnie Paz

The greatest form of control is when you think you're free
But you're being fundamentally manipulated and dictated to
One form of dictatorship is being in a prison cell and you can see
the bars and touch them
The other one is sitting in a prison cell but you can't see the bars but
you think you're free

What the human race is suffering from is mass hypnosis
We are being hypnotized by people like this newsreaders
Politicians
Teachers

Lecturers
We are in a country and in a world that is being run by unbelievably sick people
The chasm between what we're told is going on and what is really going on is absolutely
enormous.

It's like we all know it's going down
But no one's saying shit
What happened to the home of the brave?

These motherfuckers they controlling us now
But no one is talkin' about

It made us modern day slaves
And everybody's just walking around
Head in the clouds

We won't awake until we're dead in the grave
By then it's too late

We need to be ready to raise up
Welcome to the end of days!
Everybody is slave
Only some are aware

That the government releasing poison in the air
That's the reason I collect so many guns in my lair
I ain't never caught slipping
never underprepared

Yeah, they? on me, they? proudly
George Bush the grandson of Aleister Crowley
They want you to believe the lie that the enemy Saudi
The enemy ain't Saudi
The enemy around me

There's fluoride in the water but nobody know that
It's also a prominent ingredient in Prozac
For real?

How could any government bestow that?
A proud people who believe in political throwback
That's not all that I'm here to present you
I know about the black pope in Solomon's Temple
Yeah

About the Vatican assassins and how they will get you
And how they cloned Barack Hussein Obama in a test tube
It's like we all know it's going down
But no one's saying shit

What happened to the home of the brave?
These motherfuckers they controlling us now
But no one is talkin' about
It made us modern day slaves
And everybody's just walking around
Head in the clouds
We won't awake until we're dead in the grave
By then it's too late
We need to be ready to raise up
Welcome to the end of days!Whoever built the pyramids had knowledge of electrical power
And you know that that's the information that they suppress and devour
Who you think the motherfuckers that crashed in the tower?
Who you think that made it turn into ash in an hour?
The same ones that invaded Jerome
The ones that never told you about the skeletons on the moon
Yeah
The ones that poison all the food you consume
The ones that never told you about Mount Vesuvius Tomb
The Bird Flu is a lie
The Swine Flu is a lie
Why would that even come as a surprise?
Yeah
The Polio vaccine made you die
It caused cancer and it cost a lot of people their lives
Do y'all know about Bohemian Grove?
How the world leader sacrificing children in robes?
Lucifer is God in the public school system
I suggest you open up your ears and you listen!It's like we all know it's going down
But no one's saying shit
What happened to the home of the brave?
These motherfuckers they controlling us now
But no one is talkin' about
It made us modern day slaves
And everybody's just walking around
Head in the clouds
We won't awake until we're dead in the grave
By then it's too late
We need to be ready to raise up
Welcome to the end of days!The greatest hypnotist on the planet Earth is an oblong box in the
corner in the room
It is constantly telling us what to believe is real
If you can persuade people that what they see with their eyes is what there is to see you've got
them
Because they'll laugh in your face of an explanation then which portrays the big picture of
what's happening
And they have!
