

Sexual (feat. Dyo) [Oliver Nelson Remix]

NEIKED

You got that thing
That I've been looking for
Been running around for so long
Now I caught you, I won't let you go
You got that thing
That I've been looking for
You got a heart full of gold
And that's really turnin' me on
You are, you are
You are, you are, you are
Everything that I dreamed of
Now I can paint a picture
You are, you are
You are, you are, you are
Making my life much greener
Yeah, yes
Just say you feel the way that I feel
I'm feeling sexual
So we should be sexual
Just say you feel the way that I feel
I'm feeling sexual
So we should be sexual
You got somethin'
That I ain't seen before
You've opened a million doors
All I can say is I adore you
You got somethin'
That I ain't seen before
Hold me cause baby, I'm yours
Oh, I can't wait until we get home
You are, you are
You are, you are, you are
Everything that I dreamed of
Now I can paint a picture
You are, you are
You are, you are, you are
Making my life much greener
So I wanna say, yeah
Just say you feel the way that I feel
I'm feeling sexual
So we should be sexual
Just say you feel the way that I feel
I'm feeling sexual
So we should be sexual
I don't know what you done
But I can't get enough
Cause you give me that rush
I don't want it to stop
Just say you feel the way that I feel
I'm feeling sexual
We should be sexual

Just say you feel the way that I feel
I'm feeling sexual
We should be sexual
