

# Towers

## Little Mix

You turn, and I learned that the wall comes falling down  
Not a word, only heard what my friends can tell me now  
I feel love when I see your face  
But all these scars, I can't replace  
Shock me high  
Hit me hard, and I don't know what to say  
When you knock on my door  
And tell me you don't want to fight  
Oh, baby I'm sure that I'm not gonna fall this time  
You never brought me flowers  
Never helped me in my darkest hours  
And you left it so late that my heart feels nothing nothing and towers  
Once we were made like towers  
Everything could've been ours  
But you left it too late now my heart feels nothing nothing at all  
It's a shame  
You're to blame  
'Cause once you owned my heart  
I remember feeling so high  
But I'm right back at the start  
I still feel love when I see your face  
But all these tears I can't erase  
Sorry hearr, I'm sorry heart  
But we'll have to start again  
So don't knock on my door and tell me you don't wanna fight  
'Cause I've heard it before  
And I'm not going back this time  
Not going back this time  
You never brought me flowers  
Never helped me in my darkest hours  
And you left it so late that my heart feels nothing nothing and towers  
Once we were made like towers  
Everything could've been ours  
But you left it too late now my heart feels nothing nothing at all  
Nothing at all  
When you're close I wanna change mind  
But I remember you and what we're like  
I don't wanna let you waste my time  
And you never brought me flowers  
Never helped me in my darkest hours  
And you left it so late that my heart feels nothing nothing at all  
Once we were made like towers  
Everything could've been ours  
But you left it too late now my heart feels nothing nothing at all  
Nothing at all  
Nothing at all  
Once we were built like towers  
Nothing at all  
We were built like towers

Now my heart feels nothing at all
