Out from Under

Britney Spears

Breathe you out, breathe you in You keep coming back to tell me You're the one who could have been In my eyes, see it all so clear

It was long ago and far away but it never disappears...I try to put it in the past Hold into myself and don't look back...I don't wanna dream about

All the things that never were,

Maybe I can live without

When I'm out from under.

I don't wanna feel the pain

What good would it do me now,

I'll get it all figured out

When I'm out from under

From under, from under

from under...

So let me go,

Just let me fly away,

Let me feel the space between us growing deeper,

And much darker everyday.

Watch me now and I'll be someone new,

My heart will be unbroken

It will open up for everyone but you. Even when I cross the line It's like a lie I've told a thousand times... I don't wanna dream about

All the things that never were,

Maybe I can live without

When I'm out from under.

I don't wanna feel the pain

What good would it do me now,

I'll get it all figured out

When I'm out from under

From under, from under

From under from under...

And part of me still believes when you say you're gonna stick around.

And part of me still believes we can find a way to work it out.

But I know that we tried everything we could try

So let's just say goodbye. Forever... I don't wanna dream about

All the things that never were,

Maybe I can live without

When I'm out from under.

And I don't wanna feel the pain

What good would it do me now,

I'll get it all figured out

When I'm out from under...I don't wanna dream about
All the things that never were,
Maybe I can live without
When I'm out from under.
And I don't wanna feel the pain
What good would it do me now,
I'll get it all figured out
When I'm Out From Under.
From under, from under
From Under, from under...
