## High On Fire

... traveling, shifting ... into the eyes  
...I will live ... it's killing, the...  
Return tomorrow out here, ... and the ...  
We ...the eyes and just a ...to nothing waste  
She roamed over reflecting taste  
Blood ... trail into the place  
... take you away, ... into the eyes  
...all you hate, ... change  
Spirit try to rise... expose, ... my face  
We ...the eyes and just a ...to nothing waste  
...start to ...waste  
She roamed on the ... to taste  
Blood ... trail into the place  
... we on,  
Only hour that's ...  
Time traveling,...into the light  
Between tomorrow... broke, and to ...  
the eyes ... and just a dream  
past the tomb and ...  
She roamed over reflecting taste  
Blood ... trail into the place.
