

Bella Linda

The Grass Roots

Bella Linda, try and understand
Bella Linda, I'm doin all I can
Bella Linda, I'm only what I am
 It's so hard for me to say
 The things I really feel
 If I could I'd chase away
 The pain your eyes reveal
 The pain your eyes reveal
 From foolish things I've done
 The times that I let you down
And I'll never change, believe me I try
If you go away, you know that I'll die
Oh I love you, please don't say goodbye(CHORUS)
 Bella Linda, try and understand
 Bella Linda, I'm doin' all I can
 Bella Linda, I'm only what I am
 We've had bad times
 Through the years
 And though I've made you cry
Think of me through tender tears
 And try to close your eyes
 And try to close your eyes
 To thoughtless things I do
 The dreams that don't come true
Cause I'll never change, believe me I try
If you go away, you know that I'll die
Oh I need you, please don't say goodbye
(REPEAT CHORUS TWICE)
