

# M.I.A.

## Dorrough

I don't care what they say  
I live my life day by day  
Like everything is okay  
Guess that's the reason I pray  
Light up and blow on this haze  
Oh dirty, take me away  
Up there where I wanna stay  
So I can be M-I-AI say 24 hours, 7 days a week  
Been grindin' so long, I can do it in my sleep  
You reap what you sow, you sow what you reap  
And when you get somethin' good, you hold and you keep it 'Cause when you got somethin',  
somebody else want it  
Shinin' on a hater feel real good, don't it?  
Ridin' on a hater sound real hood, don't it?  
Before I take a L, I'll kill my opponent  
Last time hard, this time, go harder  
Some do it big but the kids do it larger  
Down town in the house by the water  
Texas, Georgia, South Beach Florida Yeah, I do everything drastic  
And I don't settle for nothin' but fantastic  
Pop, pop on an X Y axis  
Me and my click say lit like matches I don't care what they say  
I live my life day by day  
Like everything is okay  
Guess that's the reason I pray  
Light up and blow on this haze  
Oh, dirty, take me away  
Up there where I wanna stay  
So I can be M-I-A  
Sunny and I ain't talkin' 'bout Miami  
Last year was good but this year I won a Grammy  
Album in the streets but I'd rather much be  
M-I-A, just me and my family Work all day, double time all night  
Show my baby girl that everythang alright  
Live like a pimp, that's our hype  
Gotta thick chick, 5'9, all tight Gotta rent chick, yeah, I like all type  
But my down there chick where tha bud all straight  
I betchu think I'm just talkin'  
See her for ya self, dime piece walkin' Speakin' of walkin', you can walk without crawlin' first  
You can't stand without fallin' down and  
When you down on the ground, stand back up  
On the mound and then swang harder I don't care what they say  
I live my life day by day  
Like everything is okay

Guess that's the reason I pray  
Light up and blow on this haze  
Oh, dirty, take me away  
Up there where I wanna stay  
So I can be M-I-AY'all and this is still good music  
The world know I make real good music  
Ain't got to but I'm still gonna prove it  
Haters hate me but they still be groovin'  
Don't nobody know how long it took me to shine  
Don't know body know how long it took me to grind  
Sometimes dreams get lost by time  
One night damn near lost my mind  
Good things happen if you believe it  
If you perceive it, you achieve it  
This is motivation some of y'all needed  
Tryna help you see  
So eliminate the negative, insinuate the positive  
Work nonstop, gettin' money my prerogative  
And yeah, I try to be cooperative  
But when I keep it real, some take it as derogative  
I don't care what they say  
I live my life day by day  
Like everything is okay  
Guess that's the reason I pray  
Light up and blow on this haze  
Oh, dirty, take me away  
Up there where I wanna stay  
So I can be M-I-AAah, so I can be M-I-A, aah  
La, la-la-la-la, la, la-la-la-la-la-la, la la-la-la-la-laa-la
