

# Bloody Mary

## The Living End

Well there's no time to stop her now  
Mary's gonna get her way somehow Still just a game but I ask her and remind  
Still just a game but I ask her and remind that Maryi;½23 seconds on the floor  
Is all she needs and not a minute more Still just a game but I ask her and remind  
Still just a game but I ask her and remind that Maryi;½You'll die tonight!
