

Time to Party

Craig David

all Friday (all Friday)
its Time to party (time to party)
Let me see you swing and sway
Tell me are you with me?
Are you with me (X2)Friday, payday
Ready to do the things we love
We're gonna get our groove on
All night long
(Ho Hey) Give it up now for the DJ (Uh huh yeah)
And put your hands where my eyes can see
It may be raining but who cares about the weather? (Get up)
Cos when the heat is on we'll all be getting wetter (Stand up)
It's the start of the weekend
Don't waste no time
For tonight is your night
all Friday (all Friday)
its Time to party (time to party)
Let me see you swing and sway (let me see you swing)
Tell me are you with me?
Are you with me (X2)Everybody's feeling right (Feeling right)
Cus we know It's party night (Ooh yeah)
All the ladies are looking tight
Whether silk or satin lace or leather
Ooh what a sight
Here's where the party starts things can only get better (Get up)
Just make your way onto to the dance floor get together (Stand up)
It's the start of the weekend don't waste no time...
For tonight is your night...
all Friday (all Friday)
Time to party (time to party)
Let me see you swing and sway (let me see you swing)
Tell me are you with me?
Are you with me (X2)This party be going on 'till the break of dawn
Lets give it up (what what) Lets get it on
Break open a bottle of mo't & chadone and when it's gone
We'll start on the Dom Perignon
This vibes makin' me high
Like Toni
Surrounded by
Other people movin' their body
We be kicking mad flava in ya ear
Big shout to the people round the side

In the front at the rear (whooh wee)
This is gonna be one
hell of a year
And there's no way that I'm lettin' anyone, interfere
This is how we do getting it on in the venue
Can you hear my microphone 1, 2 (Ooooh wee)
Can you give it up now please for the DJ
Giving you a party like a Summer Sortee Okay
Let's see those hands in the air
And wave them around like you just don't care, come on all Friday (all Friday)
Time to party (time to party)
Let me see you swing and sway (let me see you swing)
Tell me are you with me?
Are you with me (X2)
