

Awesome

Veruca Salt

Goodbye, 25
you were a good year for the girls
goodbye, 25
you will be the?
I'm the heartbeat
there's something in my unity
forget humidity
oh, what's coming over me?
it's awesome
awesome
god, forgive me
I know it's so
awesome
awesome
heaven, help me
I know it's a fine place to be
goodbye, indolence
your filthy left hand kept me down
goodbye, cowardice
you'll be the tigress
I'm the?
there's something in my unity
forget humidity
oh, what's coming over me?
its awesome
awesome
god, forgive me
I know it's so
awesome
awesome
heaven, help me
I know, I know it's a fine place to be
and it's a fine place to be
and it's a fine place to be
and it's a fine place to be
there's something in my unity
what's coming over me?
oh, fuck humidity
we're awesome
awesome
all the songs go "I know it's so awesome"
awesome

awesome
everybody I know, I know
it's a fine place to be
and it's a fine place to be
yeah it's a fine place to be
yeah it's a fine place to be
oh it's a fine place to be
yeah it's a fine place to be
oh it's a fine place to be
yeah it's a fine place to be
(awesome, so awesome...)
heaven help me
heaven help me
