

# Sorry You're Not a Winner

## Enter Shikari

Scratch card glory, waist low pleasure?  
Black eyes nose bleeds, don' t look back now  
My white abode, do you remember? My white abode  
But it 's such a thrill you 'll soon find out  
Sorry you 're not a winner with the air so cold and a mind  
so bitter  
What have you got to lose but false intentions and a life  
so pretentious?  
Scratch card glory, waist low pleasure?  
Black eyes nose bleeds, don' t look back now  
My white abode, do you remember? My white abode  
But it 's such a thrill just to find out  
Sorry you 're not a winner with the air so cold and a mind  
so bitter  
What have you got to lose but false intentions and a life  
so pretentious?  
Scratch card glory, waist low pleasure?  
Black eyes nose bleeds, don' t look back now  
My white abode, do you remember? I sweat, I ache .  
Sorry you 're not a winner with the air so cold and a mind  
so bitter  
What have you got to lose but false intentions and a life  
so pretentious?  
What? What? What?  
Goodbye, Go home.
