

# Good to Be Alive

## Skillet

When all you've got are broken dreams  
Just need a second chance  
And everything you want to be  
Gets taken from your hands We hold on to each other  
All we have is all we need  
'Cause one way or another  
We always make it, you and me This life can almost kill you  
When you're trying to survive  
It's good to be here with you  
It's good to be alive  
It's good to be alive  
I was lost and I was gone  
I was almost dead inside  
You and me against the world  
It's a beautiful night  
It's good to be alive (It's good to be alive)  
(It's good to be alive) It's good to be alive  
(It's good to be alive) (It's good to be alive) Driving down this highway  
Soaking up the sun  
Got miles to go before we get home  
And the journey's just begun We hold on to each other  
You are everything I need  
You feel like forever  
You're a second chance for me  
This life can almost kill you  
When you're trying to survive  
It's good to be here with you  
It's good to be alive  
It's good to be alive  
I was lost and I was gone  
I was almost dead inside  
You and me against the world  
It's a beautiful night  
It's good to be alive It's a beautiful night  
Its all right  
It's good to be alive This life can almost kill you  
When you're trying to survive  
It's good to be alive (It's good to be alive)  
(It's good to be alive) It's good to be alive  
(It's good to be alive) (It's good to be alive) And is good to be alive  
Its good to be alive  
I was lost and I was gone

I was almost dead inside  
You and me against the world  
It's a beautiful night  
It's good to be aliveIt's a beautiful night  
Yeah, its all right  
It's good to be alive
