

Power of Positive Drinkin'

Chris Janson

Work sucks, truck died, hot as hell outside, my AC just broke
The woman I love packed half of my stuff and she took off down the road
Where she went, I don't know but she's never coming back
My life feels like a joke but it hurts too much to laugh So I go to that little place where the good
times always roll
In the glow of the neon light where I know there's a new song I'll be singing
Before I leave yeah I believe in the power of positive drinking
Beer one tastes just like a beer
Beer two a little bit better than one
Beer three, beer four, yeah that was pretty damn good so hand me one more
Beer five I'm coming' alive,
Beer six man it went down quick
7, 8, 9 I'm feeling fine, by Number 10, life's good again
Yeah, that's the power of positive drinking
Oh, Where she went, I don't know but she's never coming back
My life feels like a joke but it hurts too much to laugh So I go to that little place where the good
times always roll
In the glow of the neon light where I know there's a new song I'll be singing
Before I leave yeah I believe in the power of positive drinking
Beer one tastes just like a beer
Beer two a little bit better than one
Beer three, beer four, yeah that was pretty damn good so hand me one more
Beer five I'm coming' alive,
Beer six man it went down quick
7, 8, 9 I'm feeling fine, By Number 10, life's good again
Hey!
That's the power of positive drinking
Yeah,
So I go to that little place where the good times always roll
In the glow of the neon light where I know there's a new song I'll be singing
Before I leave yeah I believe in the power of positive drinking That's the power of positive
drinking!
