

Push It

Kevin Gates

Niggas be talking like this shit easy or something
Ya heard me (They do)
Nah, nigga I make this shit look easy (I do) See, sometimes people think they can be you
Better than you could be you
Every time they take ya down, I'mma build you the fuck back up, nigga Took a lot of losses, had
to bounce back
She got ass, love it when it bounce back
Came back strong, had to bounce back
Applying pressure, watch a nigga bounce back
Huh, huh, push it
Up all in his face and he think that I'm pushing
Like what we got talk about? Ain't shit to talk about
I put the calls on these niggas, I call 'em out
Huh, huh, push it, yeah
Huh, huh, push it
I'm in his face and he thinkin' I'm pushing
Major mistake if you thinkin' I'm pussy, yeah
Huh, huh, push it
Huh, huh, push it
I'm in his face and he thinkin' I'm pushing
Major mistake if you thinkin' I'm pussy, yeah
252 on the digi', I'm still in the kitchen
I'm cookin' up a four and a half, Pyrex to yola
Add a lil soda and bubble, I double the 500 grams
My junky a testa, say, "How may I help ya?"
I blessed him, my guess is he need a lil' blast
Not a good looker, but she a good hooker
And I'm about to turn me some trash into cash
Water just gushed out her mouth and her pussy
She need some cushion, went and bought her some ass
Sick wit' compartments, Toyota Corolla
I'm hopin' to load 'em, get caught on the slap
Nothing impossible, had a few obstacles
Right back to clocking like I never left
My windows is tinted, my mouth and my watch gold are hittin'
While grippin' the wheel in my 'Vette
I'm in two lanes, whip is insane, I had to take off the brain
I got some change, drive with two names
On the Blackberry doin' my thing
I been pushing them thangs
Pushing it, pushing it, pushing it, pushing it, pushing it
I been doing my thang

Pushing it, pushing it, pushing it, pushing it, pushing it, pushing it
Took a lot of losses, had to
bounce back

She got ass, love it when it bounce back

Came back strong, had to bounce back

Applying pressure, watch a nigga bounce back

Huh, huh, push it

Up all in his face and he think that I'm pushing

Like what we got talk about? Ain't shit to talk about

I put the calls on these niggas, I call 'em out

Huh, huh, push it, yeah

Huh, huh, push it

I'm in his face and he thinkin' I'm pushing

Major mistake if you thinkin' I'm pussy, yeah

Huh, huh, push it

Huh, huh, push it

I'm in his face and he thinkin' I'm pushing

Major mistake if you thinkin' I'm pussy, yeah
I got my shirt off, dropping the work off

On Carolina controlling the spot

12 in the section, harassing pedestrians

Catching a sell, they patrolling, it's hot

If I get arrested, my bail could be set at whatever

Go right back and open up shop

Even the jeweler come sit in my section

It look like Lil Kevin were flooded with rocks

I cut on the faucet, I'm really retarded

I bottle the water, not spillin' a drop

You gotta be cautious, I'm clutching, you crossin' us

Pump put a permanent scar in your top

Bought a new freak, she got a big head like Rihanna

It's cute, I'm not takin' a shot

Designer my closet, pick up a deposit

On Michigan Ave. when I chill in the Chi
I'm in two lanes, whip is insane, I had to take off the
brain

I got some change, drive with two names

On the Blackberry doin' my thing

I been pushing them thangs

Pushing it, pushing it, pushing it, pushing it, pushing it, pushing it

I been doing my thang

Pushing it, pushing it, pushing it, pushing it, pushing it, pushing it
Took a lot of losses, had to
bounce back

She got ass, love it when it bounce back

Came back strong, had to bounce back

Applying pressure, watch a nigga bounce back

Huh, huh, push it

Up all in his face and he think that I'm pushing

Like what we got talk about? Ain't shit to talk about

I put the calls on these niggas, I call 'em out

Huh, huh, push it, yeah

Huh, huh, push it

I'm in his face and he thinkin' I'm pushing
Major mistake if you thinkin' I'm pussy, yeah
Huh, huh, push it
Huh, huh, push it

I'm in his face and he thinkin' I'm pushing
Major mistake if you thinkin' I'm pussy, yeah
