

# It's Real

## Lyfe Jennings

Just leaving the spot when i saw her  
gave me her number to me to call her  
she got me feelin like a baller  
and im so into you  
i told her lets go some place quiet  
i said im stayin at the hyatt  
she said it's kinda late but we can try it  
she's so into me  
Shawtys thick than a mothersucka  
and i cant wait to touch her  
she knows exactly how to boom boom chicky boom  
surely she wants to be my lover  
so excited i forgot to stop and go grab some rubbers.

\*damn\*

Chorus:

AIDS is real, dont care how you feel  
yes i want to chill but i gotta wrap it up, i gotta protect us  
cause AIDS is real  
don't care how you feel  
we already know it kills  
so i gotta wrap it up, i gotta protect us

Verse:

So now were bumpin and were grindin.  
she told me baby get behind it  
it's gettin kinda hard to fight it  
cause she looks so good  
i said maybe we should go slower  
no disrespect but i dont know ya  
i said give me a second let me go to

\*Westco\*

She wants it now

PreChorus:

Shawtys thick than a mothersucka  
swear to god on my mother  
she knows exactly how to boom boom chicky boom  
surely shes a freak undercover  
so excited i forgot to stop and go grab some rubbers.

\*damn\*

Chorus:

AIDS is real, dont care how you feel  
yes i want to chill but i gotta wrap it up, i gotta protect us  
cause AIDS is real

don't care how you feel  
we already know it kills  
So i gotta wrap it up, i gotta protect us  
AIDS is real(fades)
