

# Risky (feat. Navé Monjo)

JL

Yeah, yeah  
Navé Manjo, Navé Manjo  
JL Girl we gon' do somethin' real risky  
She gon' bust it open for me quickly  
Pickin' up the signals that you sendin' me  
Touchin' on me like she wanna frisk me  
Oh yeah I'ma beat it up like a bass drum  
I'ma beat it up like a bass drum  
She just wanna ride with the kid tonight  
We ain't gon' tell 'em what we did tonight  
Girl we gon' do somethin' real risky  
She gon' bust it open for me quickly  
Pickin' up the signals that you sendin' me  
Touchin' on me like she wanna frisk me  
Oh yeah I'ma beat it up like a bass drum  
I'ma beat it up like a bass drum  
She just wanna ride with the kid tonight  
We ain't gon' tell 'em what we did tonight  
What's life without danger  
Let me put it like this  
Race stakes on that wager  
Nothin' new without risk  
Can't save it till later  
Out of character behavior  
Body language translator  
You already know what it is  
Any shift we'll work it  
With it long as it's worth it  
Why you gotta be perfect  
You deserve to get worshiped  
Bout to give each other strip searches  
Will deliver with the lip surface  
See the dealer for the fix  
We familiar with this not a bit nervous  
Undressed pressed flesh  
Made a mess yes, yes  
Rated XXX  
Spontaneous sex  
Any place that I need it  
Like a bass drum beat it  
Pick the pace up  
I don't taste nothin'  
Till my face numb

Eat it  
Got you all the way naked  
Up the wall you can't shake it  
(Watch it)  
Take it all when you takin' off  
When you breakin' off  
You may break it  
(Watch it)  
TMI with the details  
Goin' live to the deep feels  
No denyin' these signals  
Let's get as high as the chem trails  
Girl we gon' do somethin' real risky  
She gon' bust it open for me quickly  
Pickin' up the signals that you sendin' me  
Touchin' on me like she wanna frisk me  
Oh yeah I'ma beat it up like a bass drum  
I'ma beat it up like a bass drum  
She just wanna ride with the kid tonight  
We ain't gon' tell 'em what we did tonight  
What we doin' they curious  
What's it to them, they furious  
Wonderin' if it's serious  
Who this Ms. Mysterious  
Creepin' like a thief  
Speakin' it is brief  
Most recent release  
Left in disbelief good grief  
(God damn)  
Stimulate the freak in you  
Resonate and rekindle  
(Simple)  
Couldn't fake or pretend to  
Act like we ain't wanna contend you  
(Yeah yeah)  
Agree to go slow but then I get greedy I need more gluttons  
Stickin' all of your guts in and clickin' all of your buttons  
Secret I don't know nothing  
We smashin' like pumpkins  
Smushin' that cushion  
Push in that tush in  
Light whatever that kush in  
With a cutie on ten  
You a beauty a gem  
See that you've been in the gym  
Feel the booty god damn!  
Girl we gon' do somethin' real risky  
She gon' bust it open for me quickly  
Pickin' up the signals that you sendin' me  
Touchin' on me like she wanna frisk me  
Oh yeah I'ma beat it up like a bass drum

I'ma beat it up like a bass drum  
She just wanna ride with the kid tonight  
We ain't gon' tell 'em what we did tonight
