

# Synesthesia, Pt. III

Jack Garratt

I hope you know that if I have to go it's only if you want me to.  
I hope the sound you see can help you paint a picture of me and you.  
I hope you know that if I have to go it's only if you want me to.  
I hope the sound you see can help you paint a picture of me and you.  
I hope you know that if I have to go it's only if you want me to.  
I hope the sound you see can help you paint a picture of me and you.  
I hope you know that if I have to go it's only if you want me to.  
I hope the sound you see can help you paint a picture of me and you.
