

Not the One

Mikky Ekko

Lay you down, feel you up
On the lord, oh
Built to spill, like your breath
Underneath my coast
I believe, I believe
I will pint, oh
Take me back, take me in
Come for me, yours'Cause I could be the one you want
The one you never have to lie
If only for the night Oh boy, I'm not the one
I'm not the one
I'm just the one you want for now
After all, I weren't you want
Never seems to come around
Cross your heart and let it slide
Straight into another life
Like a friend, once again
Just a hand you hold
I confess, I pretend
Never been quit so'Cause I could be the one you want
The one you never have to lie
If only for the night Oh boy, I'm not the one
I'm not the one
I'm just the one you want for now
After all, I weren't you want
Never seems to come around
Cross your heart and let it slide
Straight into another life
Straight into another life
Straight into another life
Ya our love can't be deceiving
Waiting for a feeling
One last more time, kiss the cure for living
But I still believing
Believing I'm not the one
I'm not the one
I'm just the one you want for now
After all, I weren't you want
Never seems to come around
Cross your heart and let it slide
Straight into another life
Oh oh, straight into another life

Oh oh, straight into another life
Oh
