

Devil's Night

Motionless In White

Go!

I am an enemy of everything,
My life is not for sale
My heart is in this fight forever,
What can you take from me?

When there's not a single fucking day I haven't fought to stay alive
We're finding hope in the
hopeless,

I am still their voice that gets stuck in your head
I am me.

And I have come to scare you to death

Because that's what you deserve

You disgusting piece of shit. I know the only words that you have for me

Are give up and get out,

You'd like to think, that we've been beaten

But we're here to stay, forever and always.

Every single day not giving up, living up all my dreams

So go ahead and look like I'm inferior (inferior) Condescension, suffering

Callousness and loathing

Are the badges i have earned for my cause.

And i am finding hope within hatred,

A reason to persist to push past everything
We are here, and we have come to scare you to death

Because that's what you deserve

You fucking fake ass hypocrites. I know the only words that you have for me

Are give up and get out,

You'd like to think, that we've been beaten

But we're here to stay, forever and always.

So loud, we are the ones that you pushed away

For drowning your voice out.

You'd like to think, we've been defeated

But we're here to stay forever and always

We've been through everything and we all have our scars,

We may be broken but you can't kill all of us. Go! Think before you fucking speak.

I am no villain,

Think before you fucking speak.

People fear what they don't understand.

And so now beauty has become the fucking beast. Maybe you didn't hear me.

I said go fuck yourself! I know the only words that you have for me

Are give up and get out,

You'd like to think, that we've been beaten

But we're here to stay, forever and always.

So Loud, we are the ones that you pushed away

For drowning your voice out

You'd like to think that we've been defeated

But we're here to stay forever and always.
