Think Twice

Eve 6

When all is said and done
And dead does he love you
The way that I do
Breathing in lighting
Tonight's for fighting

I feel the hurt so physicalThink twice before you touch my girl

Come around I'll let you feel the burn

Think twice before you touch my girl

Come around come around no more

Think twice before you touch my girl

Come around I'll let you feel the burn

Think twice before you touch my girl

Come around no more

She spreads her love

She burns me up

I can't let go

I can't get out

I've said enough

Enough by now

I can't let go

I can't get outWait till the day you finally see

I've been here waiting patiently

Crossing my fingers and my t's

She cried on my shoulder begging please

Think twice before you touch my girl

Come around I'll let you feel the burn

Think twice before you touch my girl

Come around come around no more

Think twice before you touch my girl

Come around I'll let you feel the burn

Think twice before you touch my girl

Come around no moreShe spreads her love

She burns me up

I can't let go

I can't get out

I've said enough

Enough by now

I can't let go

I can't get outWhat is it you really want?

I'm tired of asking

You come wastedWhen I showed up and he was there I tried my best to grin and bear

And took the stairs but didn't stop at the street And as we speak I'm going downCause she spread her love

And burnt me up
I can't let go
I can't get out
I've said enough
Enough by now
I can't let go

I can't get outThink twice before you touch my girl
Come around I'll let you feel the burn
Think twice before you touch my girl
Come around come around no more
Think twice before you touch my girl
Come around I'll let you feel the burn
Think twice before you touch my girl
Come around no more
