Fire

Sleeping With Sirens

You made up your mind Right before the sound can move Softly from your lips You leave behind A choice which once before you thought you could not resistYou give what you have when you Decide that you Keep burning like fire It's burning you downSometimes they say this should feel something like fire 'Til it burns you and you can't No you can't remain the same Stay the same, stay the same, stay the same I can't change You're losing your light Everything that was your's just does not exist So don't even try to say Sorry for the things in life that you might have missedYou give what you have when you Decide that you Keep burning like fire It's burning you downSometimes they say this should feel something like fire 'Til it burns you and you can't No, you can't remain the same Stay the same Although you know They say this should feel something like fire No, I can't change Do what you wanna do Keep building it higher Keep burning it down You lose who you are when you Keep burning like fire Like it's all around What do you have to prove I'll die for you Keep burning like fire It's burning you downSometimes they say this should feel something like fire 'Til it burns you and you can't No, you can't remain the same Stay the same Although you know They say this should feel something like fire'Til it burns you and you can't No, you can't remain the same Stay the same, stay the same, stay the same
