

The Water Dance (feat. Pitbull)

Chris Porter

funky funky everyting funky
big girl turn around show me ya donky
oh my lord that's a whole lotta junky
i can tell you from a whole nother country
i am a drug so i know a whole lotta junkies
in the club chillin with a whole lotta drunkies
plenty fun when they cum the girls
i know plenty dumb
fat ones skinny ones all over 21

wooo

we got the doose trippin
she lookin at me like you stay trippin
Dolce & Gabbana bag, got a young madonna here
she gon twerk her body, kill her body

need Obamacare

do it for the vine, do it for the gram
do it for the couple hundred dollars in my hand
no discrimination if you're heavy in the middle
or you only got a little
go ahead and make it jiggle

GO

ain't no party like an east coast party
with a west coast chick
that got a down south body
and she bounce that body
bou-bounce that body
bounce that body, bou-bounce that body
Heeeyyyy

Do the water dance, girl do the water danceDo the water dance, girl do the water danceFrom

Miami to the Bay to the tour de france
back to jersey baby, go and do the water dance
Do the water dance, girl do the water dance
Do the water dance, girl do the water dance
From Miami to the Bay to the tour de france
back to jersey baby, go and do the water dance
