

# Los Ageless

## St. Vincent

In Los Ageless, the winter never comes  
In Los Ageless, the mothers milk their young  
    But I can keep running  
    No, I can keep running  
    The Los Ageless hang out by the bar  
    Burn the pages of unwritten memoirs  
    But I can keep running  
No, I can keep running How can anybody have you?  
How can anybody have you and lose you?  
How can anybody have you and lose you  
    And not lose their minds, too?  
    How can anybody have you?  
How can anybody have you and lose you?  
How can anybody have you and lose you  
    And not lose their minds, too?  
    The last days of the sunset superstars  
    Girls in cages playing their guitars  
    But how can I leave?  
    I just follow the hood of my car  
In Los Ageless, the waves they never break  
They build and build until you don't have no escape  
    But how can I leave?  
I just follow my hood to the sea, go to sleep How can anybody have you?  
How can anybody have you and lose you?  
How can anybody have you and lose you  
    And not lose their minds, too?  
    How can anybody have you?  
How can anybody have you and lose you?  
How can anybody have you and lose you  
    And not lose their minds, too?  
    Oh my Lord, oh, we really did it now  
    I'm a monster and you're my sacred cow  
    But I can keep running  
No, I can keep on running How can anybody have you?  
How can anybody have you and lose you?  
How can anybody have you and lose you  
    And not lose their minds, too?  
    How can anybody have you?  
How can anybody have you and lose you?  
How can anybody have you and lose you  
And not lose their minds? I guess that's just me, honey, I guess that's how I'm built  
I try to tell you I love you and it comes out all sick

I guess that's just me, honey, I guess that's how I'm built  
I try to write you a love song but it comes out a lament  
I guess that's just me, honey, I guess that's how I'm built  
I try to tell you I love you but it comes out all sick  
I guess that's just me, honey, I guess that's how I'm built  
I try to write you a love song but it comes out a lament  
I try to write you a love song but it comes out a lament  
I try to write you a love song but it comes out a lament
