

# North Star (feat. CeeLo Green)

## Offset

[Intro: Offset]

Shit got real, we was standin' in the rain, woah (Real)  
I got four kids, know we need to spend some time, oh [Verse 1: Offset]  
I'm grindin' without the sleep (Hey)  
I pray to get out of the street  
I sit back and watch and see (Watch)  
They plot they enemies (Plot)  
They try to split the three  
This shit longer than centuries (Woo)  
Shit be botherin' me  
I got scars under my sleeve (Scars)  
The blogs is after me (Blogs is after me)  
They tryna capture me (Tryna capture me)  
They lyin' about the hoes, it's fuckin' my bitch up mentally (Lie)  
Shit be glitter, it don't be gold the fame can fuck up your family (Lie)  
It's hard to hold 'em, I'm sorry I fold  
But you can't do this shit back to me (Sorry I fold)  
Sippin' on 4-4 while I'm lane switchin' (4-4)  
Thinkin' about my woes, let the gang get in  
Niggas start crossin' out they bros let they fame get 'em (Who?)  
Suckin' out my soul, she got a brain difference  
Throwin' up big B's, Bent' Bentyaga (Big B)  
She ain't up to speed like my baby  
Hop, hop in that new 'ghini and race it (Skrrt)  
This is not a dream, no fugazi (Dream, dream, dream)

[Interlude: Offset]

Mouth wide, I'ma dive in  
We from the north side  
We from the north side of the island [Verse 2: Offset]  
Master of my craft, go through the rough draft  
Watchin' all my maps, calculate my cap (Calculate)  
This is real rap, Offset sack 'em like Warren Sapp  
Music like the trap, get the product and relapse  
Crown me the king, addiction to lean  
But if I can't sip it then mama I can't even sleep (Yeah)  
Got skeletons all in my closet, I'm scared to peek (Scared to peek)  
They thought I was gon' fail if you ask me  
They don't really want me on, oh so sad to me  
They know I'm too strong, can't assassin me  
I'ma always be good, don't feel bad for me  
This the mind of a maniac, you believe in the internet (Hey)  
I receive and I give it back, greet the people when in Iraq

Let me lead the pack, I'ma let everyone eat the racks (Eat)  
We don't feed the rats (Feed), all I speak is facts  
Autopilot on the jet, my dawg caught a lick  
Mama had a nigga scared, hide the pistol 'round my shit  
[Chorus: CeeLo Green]

There is no such thing as peace or privacy  
And if you felt this low down you'd get high as me  
I'm beginning to question what I believe  
It's so lonely in the light, it's lonely, I repeat  
But I cannot cry

And I'm acting like I cannot die  
But I've gotta burn brighter  
To be the north star in the dark night sky  
And I just can't cry  
They're acting like I cannot die  
'Cause I've gotta burn brighter  
To be the north star in the dark night sky

[Bridge: CeeLo Green]

Look up, look down and look around for me  
I'll cast a shadow on the ground for me (Look high up)  
'Cause I'll be high up in the sky  
And I'll always be there, I will always be there  
Don't look down or look around for me  
I'll cast a shadow on the ground for me (Look high up)  
'Cause I'll be high up in the sky  
And I'll always be there, I will always be there [Outro: CeeLo Green]  
'Cause I'm the north star in the dark night sky

I can't cry  
Yes, I could die  
To be the north star in the dark night sky  
Can't cry  
Yes, I could die  
To be the north star in the dark night sky
