

# I'll Always Love You Just the Same

Charlie Parker

You really left me when I needed you bad  
And I know I'm to blame  
Don't forget I always love you just the same  
Won't you love me just a little bit  
I worry very very all of the time  
Till I'm almost insane  
Don't forget I'll always love you just the same  
Night's I lay awake counting the stars  
And the clouds that roll by  
I can't sleep my heart is a fire  
It's you I love, you're my desire  
Dear please come back and let's try over again  
And we'll see who's to blame  
But don't forget I'll always love you just the same  
Night's I lay awake counting the stars  
And the clouds that roll by  
I can't sleep my heart is a fire  
It's you I love, you're my desire  
Dear please come back and let's try over again  
And we'll see who's to blame  
But don't forget I'll always love you just the same
