

# Femmebot (feat. Dorian Electra and Mykki Blanco)

Charli XCX

I'll be your femmebot  
I'll be yourGo fuck your prototype  
I'm an upgrade of your stereotype  
Don't come with a guarantee  
I'll use you up like you're my batteryI feel the sparks between us  
Electric shock  
Hot-wired, if you mess it up  
I'll self-destruct  
The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or notI'll be your femmebot  
I'll be your femmebot  
I'll be your femmebot  
I-I get what I want  
Like it or notI got you hypnotized  
I read your thoughts when you look in my eyes  
You're just my human toy  
And I am programmed to search and destroy  
I feel the sparks between us  
Electric shock  
Hot-wired, if you F it up (5, 4, 3)  
I'll self-destruct (2, 1)The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or not  
You look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it

I-I-I-I get what I want  
Like it or not I'll be your femmebot  
I'll be your femmebot  
I'll be your femmebot  
I-I get what I want  
Like it or not Ghost in a shell  
I'm a beast in the sheets  
I'm a neutron bomb-bomb, blowin' the beat  
Gonna spray that raygun and fall to his knees  
I'm a lightning rod, I'm a bite that rod  
Do you want a femmebot or do you want a hoe-bot?  
Slut-bot, fuck no, systems down  
Boy, I'll clone you, boy, I'll swerve you  
Glitch your mainframe, now I own you  
Ex Machina-na-na, you can't win  
I'm A.I. fly, I am that bitch  
Is your love for real though  
I'm Trinity, you're Neo  
I'm bionic, not ironic  
Super Saiyan, supersonic  
Hard drive crash, you don't remember  
Charli bit yo wittle finga I'll be your femmebot  
Girl, I'll be your femmebot, can never turn me off  
I'll be, I'll be your femme-The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or not I'll be your femmebot  
I'll be your femmebot  
I'll be your femmebot  
I-I get what I want  
Like it or not
