

Tell Me Now

Mario Jose

I feel like I can tell you anything
But ask me what's on my mind
and I'll never say it's you
I wish that I could tell you everything
But I'm afraid I'll break if you don't say it too
They say when you know you know
And all and I just know
But if you don't then you don't
There's nowhere else that this can go
Please tell me now
While my heart's still got a beat on solid ground
If you don't want more
You gotta tell me now
Let me let go
While I still remember how, I still remember how
Please tell me now, please tell me now
I can't pretend I understand
But I won't ask you why
I don't want you to lie
I can't believe I fell so deep
Thinking you could be falling with me
They say when you know you know
And all and I just know
But if you don't then you don't
There's nowhere else that this can go
Please tell me now
While my heart's still got a beat on solid ground
If you don't want more
You gotta tell me now
Let me let go
While I still remember how, I still remember how
Tell me now
While my heart's still got a beat on solid ground
If you don't want more
You gotta tell me now
Let me let go
While I still remember how, I still remember how
Please tell me now, please tell me now
